The cool summer season up to the present has proven disastrous to many mountain resorts, but now the summer tide is flowing from the cities, and all towns on the Chesapeake and ohlo are crowded to the limit. Of this travel the Interment is securing its due proportion, as attested by the register, which now bristles with names from all sections.

MANY ADVANTAGES.

The many advantages of the Interment as a summer resort are manifest on the shortest acquintance. It is a veritable rus in urbe. Situated on a high point within the city of Covington, all the conveniences of a city are at its doors. At the same time, the stretch of lawns and trees surouning the picturesque structure makes it for all practical purposes a country resort. The depot is but a few hundred feet away, as is the business portion of town, where everything needed can be obtained. The mail service is excellent. Good teams can be obtained at the livery stable, and a faworite form of amusement is driving, there being many level highways in this pretty hollow among the hills.

The ball room of the Interment is one of the best in the country. It presents a gay seene nightly, when the guests of the hotel and visitors from the town assemble to trip to the strains furnished by an excellent hand from Philadelphia.

By no means the least important feature here is the table. The mountain air is

Mr. Davant, of Roanoke, "carried off" the gentleman's prize, a box of Huyler's, and then sweetened the party. Refreshments were then in order, and the affair was soon over. His friend and fellow townsman, Mr. McLemore, while a benedict and off on leave granted by his "better half," does his share in keeping things going, At "set-back," he hasn't an equal.

METROPOLITAN SAMPLE.

Mr. Darrington Semple represents New York city, and pays court to a different maid every day, Our "pet Yankee" is Mr. Carpenter, of Wilkesbarre, Pa., who strayed in here one balmy day and found Southern girls so very attractive that he brought his trunk, and is here for an indefinite stay. We are indebted to Petersburg for Mr. Duane, who knows how to "speak for himsélf," and has an eye for the beautiful. Colonel A. W. Spaight, of Galveston, Tex., is our gallant old beau, who refects the dignity and enture of the old South. His fund of jokes and stories rival those of the far-famed Chauneey Depew. The mention of our beaux would not complete if our two young gallants were left out; they are Garland Hopkins, of Petersburg, and Julian Addison, of Roanoke, No hop, or german is quite a success unless they are on hand to pay court to the young ladies, and their elegant manners and beautiful dancing are always admired.

RECREATIONS.

Cards, tennis, ping-pong, tenpins, hops and germans fill every nook and cranny of time. The calendar registers two germans for the week, one on Friday evening, led by Mr. Burges, and another on Wednesday evening, led by Mr. Frank Winthrop. Both gentlemen were showered with compilments on their ease and stace in leading, and they will soon have other opportunities for adding to their laurels.
